This technical site plan illustrates a circular construction site. A central building, outlined in red, contains several functional areas: 'Uffici' (Offices), 'Spogliatoio' (Dressing room), 'W.C.', and 'Deposito Attrezature' (Equipment storage). The building is surrounded by a blue perimeter fence, with dimensions of 13.9, 22.60, 31.70, 48.20, 38.25, 40.65, 28.25, and 20.00 indicating the distances from the building to the fence at various points. The site is marked with numerous trees and utility poles. A 'Cartellone dei lavori' (Work notice board) is located at the bottom left, and a 'no entry' sign is placed near the entrance. The text 'ingresso mezzi' (Vehicle entrance) is written near the bottom center. The plan also shows a 'no parking' sign and a 'no access' sign for the work area.
